CHANGE YOUR
BUSINESS PERSPECTIVE

IVECO

Your partner for sustainable transport

NEW DAILY

THE VAN THAT WILL CHANGE YOUR BUSINESS PERSPECTIVE

Once again, the Daily is ahead of the pack, anticipating your needs to future-proof your business. The Daily has undergone a revolutionary evolution that will change your business perspective for ever.

The Daily is designed to help you operate your business sustainably and achieve a healthy bottom line.

In a fast-changing world where automation plays an increasing role, the Daily makes great progress on the path towards autonomous driving and in enhanced safety features.

The Daily is a driver's van: when you spend the majority of your working day behind the wheel, you want your on-board living conditions and driving experience to be second to none. Throughout its 40-year history, the Daily has continuously made advances to always provide a first-class environment. True to its heritage, it raises your living and driving experience to the highest levels in the industry.

The Daily embraces Connectivity to unlock a whole new world of highly personalised services precisely tailored to match your use of the vehicle and your requirements. It truly is your complete transport solution, custom-made for your business.

SUSTAINABILITY AND PROFITABILITY

Up to 10% reduction in fuel consumption.
Up to 10% reduction in maintenance costs.

RUN YOUR BUSINESS WITH POWER AND EFFICIENCY

The Daily's focus on efficiency delivers a further step towards zero-carbon transport hand in hand with fuel economy that will benefit your bottom line and the top-class performance you need to complete your mission effectively. Design improvements and longer oil change intervals will reduce your maintenance costs, adding to your profitability.

TOP PERFORMANCE IN EVERY MISSION

True to its heritage, the Daily is the only vehicle in its segment to offer two engines optimised for top performance in every mission: the 2.3-litre F1A engine, now available in both light- and heavy-duty homologation with rated power ranging from 116 to 156 hp, and the 3.0-litre heavy-duty F1C engine, offered in 3 different power ratings with increased performance from 160** up to 210 hp. The 3.0-litre engine is also available in a Compressed Natural Gas version, which results in a clean-running and remarkably quiet vehicle. Always at the forefront of the industry, the Daily once again takes the lead as the first vehicle in its segment to introduce an engine that complies with Euro 6D / Temp (WLTP & RDE) and Euro VID emissions standards.

UP TO 10% FUEL SAVINGS WITH THE DAILY'S HIGH-EFFICIENCY FEATURES

The Daily's engines stand out for their fuel economy, achieved through a host of new features such as the Start & Stop system, now available on all models with the 2.3-litre engine, the Electronic Controlled Variable Geometry Turbine, which is more responsive and efficient, the exclusive Class A Super Eco Low Rolling tyres specifically designed for the Daily and the new 220 A (12V) alternator.

UP TO 10% SAVINGS IN MAINTENANCE COSTS

Constant innovations and longer oil change intervals deliver significant savings of up to 10% in maintenance costs in urban missions. In addition, the bigger oil sump designed for long distance missions extends service intervals from 50,000 to 60,000 km.

HI-MATIC

ABSOLUTE DRIVING PLEASURE

The Daily's exclusive HI-MATIC 8-speed automatic transmission is available across the range, delivering all the benefits of comfort, safety, fuel economy and performance.

You can also enjoy all these advantages, together with the sustainability and low TCO of IVECO's Natural Power technology.

ASSISTED DRIVING AND SAFETY

Up to 38% accident reduction in urban context
with the Advanced Driver Assistance Systems.*

*Source: United Nations Economic Commission

ENJOY SAFE, STRESS-FREE DRIVING

The Daily makes significant advances on the path towards autonomous driving and safety with the introduction of a complete set of Advanced Driver Assistance Systems. These advanced technologies are at your service: they enable you to fully focus on your job, which requires an increasing degree of multitasking, in full safety. They reduce the risk of accidents on motorways and busy city streets, help you in tricky situations and take the stress away in heavy traffic – to the benefit of your quality of life on board and of your business.

AVOID COLLISIONS WITH AEBS AND CITY BRAKE PRO

The **Advanced Emergency Braking System (AEBS)** helps keep you safe by detecting a potential collision ahead and braking autonomously. It prevents collisions at speeds below 50 km/h, and drastically mitigates the damage at greater speeds. In busy traffic, the **City Brake PRO**, will help you to avoid also collisions at speeds as low as 5 km/h. Both systems offer three settings, which can be selected by the driver on the steering menu. Fleet Managers have the option to set and lock the function's settings.

STRESS-FREE IN HEAVY TRAFFIC CONGESTION

In rush hour congestion, you can activate **Queue Assist** at the touch of a button, set the safety distance you want to keep, and the Daily will stop when the car ahead stops. When the car moves off, a light touch on the accelerator will get your Daily going again. Rush hour stress will be a thing of the past!

CRUISE SAFELY ON THE MOTORWAY

It can be difficult to stay alert during long drives on motorways; **Adaptive Cruise Control** helps you stay safe. You set your cruising speed and minimum distance from the vehicle ahead. If the vehicle in front slows down, the system reacts and autonomously reduces your speed to maintain the safety distance until the other vehicle moves away or speeds up.

ALWAYS STAY IN YOUR LANE

The Daily also helps you stay in your lane with the **Proactive Lane Keeping Assist** system, which gently **steers** you back to the centre of the lane if you drift out. You can set the distance you wish to keep from the painted lane marking and the **stroke intensity** on the steering system.

STABLE IN CROSSWINDS

Strong winds when driving on a bridge or overtaking heavy trucks are no challenge with the Daily's **Crosswind Assist**, which stabilises the vehicle against a powerful gust of side wind. The sensors activate the brakes on the side of the vehicle hit by the wind, ensuring its stability and your safety.

DRIVE SAFELY DOWN STEEP SLOPES

Driving a loaded van down a long, steep slope can be daunting, but with the Daily you won't think twice about it. It is the only van in the market with **Hill Descent Control (HDC)** on Rear Wheel Drive, that maintains a steady speed by autonomously operating the brakes, helping you drive downhill slowly and safely.

GET A GRIP

Slippery surfaces such as mud, sand or snow are no challenge for the Daily. **Traction Plus** is activated at the push of a button and will keep a firm grip in all conditions, helping you in difficult situations. It is available on the Rear Wheel Drive – a first in the industry for this type of vehicle.

ON-BOARD LIVING AND DRIVING EXPERIENCE

70% steering effort reduction with the new Electric Power Steering and City Mode.

15% better visibility and obstacle perception with LED lights.

TECHNOLOGY AT YOUR SERVICE

The Daily uses technology to provide a superior driving experience and the perfect working environment. Life on board is easier, more comfortable and more productive than ever.

EASY, CLEAR INTERACTION

The new **high-resolution colour display cluster** provides a user-friendly, intuitive interface that makes it extremely easy to interact with your Daily and access in real time all the key settings and information you need to get the best from your vehicle.

SAFETY AND EFFICIENCY WITH REAL-TIME TYRE PRESSURE MONITORING

The **Tyre Pressure Monitoring System** displays the pressure of each tyre in real time on the cluster, so you can ensure your Daily is always running on optimal tyre pressure. This not only results in safer driving, but also helps you reduce your fuel consumption. The Daily is the first van to offer this feature for both single and twin-wheel models.

HI-CONNECT: THE NEW INFOTAINMENT SYSTEM

The Daily features a **user-friendly infotainment system** with a 7" screen, DAB radio, Driving Style Evaluation, voice recognition, TomTom® car and truck navigation system, and rear camera display.

You can easily bring your digital life on board with Apple CarPlay and Android Auto™, which enable you to mirror your device and enjoy your apps in full safety while driving.

SMOOTH, EFFORTLESSLY MANOEUVRABLE

The **new Electric Power Steering** is very precise and reactive to the driver's inputs, reducing the steering effort and providing a smooth driving experience. It also damps vibration and compensates for drift and wheel unbalances, resulting in a feeling of great stability and control.

You can also activate the **unique City Mode** feature with the touch of a button to further reduce the effort required to steer by as much as 70% and enjoy ultimate driving pleasure even in busy city centre streets.

HIGH VISIBILITY LED

The **new full LED lights** significantly improve visibility and obstacle perception by 15% with a much sharper beam that carries further. While making a strong design statement you will also enjoy savings on your Total Cost of Ownership, as the LED lights have an extremely long life. No distractions, no effort.

SUPERIOR DRIVING COMFORT AND ERGONOMICS

The Daily's entire steering system has been redesigned to give you the on-board living experience of a passenger car. You can make **both axial and angular adjustments** to the steering wheel and set up the perfect driving position for better comfort and ergonomics. The smaller, leather multifunctional steering wheel puts a wide range of controls at your fingertips and leaves more leg room, adding to your overall comfort.

PARKING COMFORT AND EFFICIENCY

The **new Electric Parking Brake** automatically engages when parked and disengages when you are ready to drive away. In urban multi-stop missions such as parcel delivery, you don't have to waste time engaging and disengaging the brake. This not only will reduce arm fatigue and discomfort from repetitive movements, it will also improve your productivity. You can save up to 5 hours a month, a definite benefit for your profitability. Eliminating the hand brake lever frees up space in the cabin so you can move across more comfortably.

ENHANCED CONNECTIVITY AND SERVICES

More uptime with proactive services.
Optimised efficiency with vehicle status monitoring and Driving Style Evaluation.

ENTER THE DAILY'S CONNECTED WORLD OF SERVICES

On the Daily, connectivity is much more than using your mobile device onboard. It is the enabler of a whole range of services that allows us to support your business more proactively and effectively, minimising stoppages and maximising your productivity.

IMPROVED UPTIME

The Daily's connectivity will increase your time on the road by putting the vehicle in direct contact with the IVECO Control Room, where a dedicated team of IVECO specialists receives real-time data directly from your Daily and monitors them constantly. They can conduct diagnostics remotely and update your vehicle's software with no downtime. They can identify issues before they occur and take preventive actions – in some cases they can even resolve them remotely, keeping your vehicle running without stoppages.

The precise real-time information on the use of your Daily also enables us to plan maintenance and service interventions more efficiently, optimizing the number of visits to your IVECO workshop. With this one-stop approach your Daily will spend more time on the road, working for you.

Furthermore all the data from your Daily gives us a precise and complete picture of the vehicle's use. This enables us to develop tailor-made service offers and financial solutions that take into consideration the fluctuations that every business may experience.

OPTIMISE YOUR DAILY'S EFFICIENCY

As a connected customer, you can manage your vehicle in real time through MYDAILY, which puts you in contact with your Daily while sitting at your desk on the web portal or on the move on your mobile device with the MYDAILY app.

You can monitor your vehicle continuously, analyse its performance, fuel consumption, and your driver's driving style, and plan the vehicle's service interventions to push your fleet's efficiency to its maximum.

Your Daily will also regularly send you a Smart Report on its performance and fuel consumption, with tips and suggestions on how you can improve the driving style to take good care of the vehicle and save fuel.

FLEET MANAGEMENT SOLUTIONS

The Daily offers a comprehensive Fleet Management Solution that will enable you to reduce expenses with better vehicle tracking, fleet utilisation, driver behaviour, advanced engine diagnostics and real-time mileage reporting.

If you already have your own Fleet Management system, the Daily's connectivity will provide you with all the data through its Web API interface, which will ensure your vehicle interacts seamlessly with your system.

DAILY BUSINESS UP™: YOUR DRIVER AND BUSINESS ASSISTANT

DAILY BUSINESS UP™ is the simple way to keep your business connected. Once you've downloaded the DAILY BUSINESS UP™ on your device and paired it with the DAB radio, you can enjoy the features that will help you improve your productivity and efficiency.

DAILY BUSINESS UP™ is your driver assistant through features such as Driving Style Evaluation, and is your business assistant organizing your fleet maintenance and monitoring performances on the MYDAILY portal.

THE DAILY GETS THE JOB DONE WITH STYLE

The Daily has always been popular for its looks – but with the New Daily, design always goes hand in hand with function. It has been designed with attention to detail, and every element serves a purpose. With your New Daily, you go about your business, completing your mission efficiently and profitably!

STYLISH AND FUNCTIONAL DASHBOARD

The elegant dashboard with its sweeping lines and the new high-resolution colour display cluster and the HI-CONNECT multifunctional screen positioned at the centre puts all the information and controls you need within easy reach.

HI-CONNECT

The new HI-CONNECT infotainment with 7" screen makes it easy to mirror your device with Apple CarPlay and Android Auto™ and bring your digital life on board.

HIGH VISIBILITY LED

The new full LED lights make a strong design statement while significantly improving visibility, with a sharper beam that carries further. You will also enjoy savings on your Total Cost of Ownership, as the LED lights have an extremely long life.

COST-SAVING DESIGN: 3-PIECE BUMPER

Bumpers are easily damaged on urban missions and in busy traffic, and the cost of repairing them can build up. The modular 3-piece design means that you don't always have to replace the entire bumper: in 90% of cases only the damaged section is replaced, with consequent significant savings on repair costs.

NEW FRONT GRILLE

The new, wider front grille increases ventilation while protecting the engine and radiator. The new hot stamping process makes it tough and extremely durable.

MORE PAYLOAD WITH STYLE

The new alloy wheels not only look good: they are so light, they will help increase the useful load by 10 kg on single wheel models.

POWER YOUR MISSION

TOP-NOTCH ENGINES TO UNLEASH YOUR TALENT

PERFORM AT YOUR BEST

You can rely on the Daily to deliver all the power, traction, load carrying capacity and quick response you need to complete your mission efficiently – all this with excellent fuel economy and low total cost of ownership.

CHOOSE YOUR PERFORMANCE

The wide engine line-up, with maximum power ranging from 116 hp to 210 hp, means that you can choose the performance that fits your mission best. The Daily offers two engines: the 2.3-litre F1A, which is now available in light- and heavy-duty homologation, and the 3.0-litre heavy-duty F1C. If you are looking for absolute driving pleasure, the class-exclusive HI-MATIC transmission is available across the range, and if you need a particularly quiet vehicle for urban missions, the Compressed Natural Gas powered Daily HI-MATIC Natural Power is the solution for you.

e-VGT: Electronic Variable Geometry Turbocharger; VGT: Variable Geometry Turbocharger; WG: WasteGate; CNG: Compressed Natural Gas

ENDLESS OPPORTUNITIES

A DAILY VAN FOR BOUNDLESS AMBITIONS

FULFILL YOUR AMBITIONS

The Daily is the most versatile vehicle in its class. Its extensive model line-up and bodywork options open up a wealth of opportunities: whatever your mission – be it urban multi-stop deliveries such as parcel or courier service, or heavier transport missions like moving furniture – you can find and customise the Daily to perfectly match your operational and business requirements.

THE PERFECT VAN FOR YOUR MISSION

The Daily offers the widest line-up in the industry – it is the only van that ranges from 3.3 tonnes all the way up to 7.0 tonnes of gross vehicle weight, with cargo volumes from 7.3 m³ up to 19.6 m³. The Daily's unique versatility means that, whatever your mission, you will find the perfect van to fulfil the ambitions you have for your business.

EXTREME CUSTOMISATION

The Daily is designed and built to offer virtually endless bodywork options, making it easy to customise for your specific needs. It is perfect for highly specialised and demanding adaptations, such as rescue vehicle or ambulance.

	VAN	SEMI-WINDOWED VAN	WINDOWED VAN
GROSS VEHICLE WEIGHT	 3.3 - 7 t	 3.3 - 5.2 t	 4.5 - 6.5 t
CARGO VOLUME	 7.3 - 9 m ³	 10.8 - 17.5 m ³	 13.4 - 19.6 m ³

BORN TO BE TOUGH

NO ONE COMES EVEN CLOSE

With the Daily you will get the most demanding jobs done faster and with fewer trips: you will save time and money – and reduce your carbon footprint.

BUILT TO LAST

DESIGNED TO DELIVER ENDURING VALUE

You can always rely on the Daily when you need its strength and power. It will carry the heaviest payloads and deliver its top-notch performance day in day out, longer than any other van on the market.

Carry a bigger payload with the high-performance front suspension, which raises the maximum permissible load. You can count on a front axle maximum load capacity of up to 1900 kg on the 3.5-tonne models featuring the lighter, strong QUAD-LEAF suspension, or even higher, as much as 2700 kg, if you opt for a twin wheel model with the QUAD-TOR suspension.

Count on best-in-class performance for life with the Daily's driveline. The advanced transmission ensures the high-efficiency engine always runs at optimal speed, resulting in a long life of performing at its best.

Add value to your business with the Daily, which will reliably carry your big payloads, benefiting your bottom line with its excellent fuel-efficiency and low TCO, right up to the end of its long life.

DAILY HI-MATIC: ABSOLUTE DRIVING PLEASURE

Choose from the extra wide engine offering. The Daily HI-MATIC offers an extensive engine line up, with two displacements of 2.3 litres and 3.0 litres and horsepower ranging from 116 to 210, providing a solution for every mission.

Sustainable driving pleasure powered by Natural Gas. The HI-MATIC absolute driving pleasure is available across the Daily Natural Power range, offering all the performance, efficiency and comfort benefits of the Daily HI-MATIC together with the sustainability and low TCO of IVECO's Natural Power technology.

Benefit from the Daily HI-MATIC's exceptional fuel economy with a choice of **ECO and Power Modes** and the **Start & Stop** feature, standard on the 2.3-litre engine. The transmission's self-adaptive shift strategy ensures the correct gear is engaged smoothly in less than 200 milliseconds. The wide ratio spread means the engine is always running in the optimal gear.

Drive in comfort with the first 8-speed automatic gearbox. Drive safely as you stay focused on the traffic and driving conditions with the ergonomic multifunctional shift lever, and enjoy absolute driving pleasure.

Enjoy the legendary durability and reliability of the Daily with a solution that protects the engine and the driveline reducing maintenance requirements.

Power your business with best-in-class performance. At the top of the range, the Daily HI-MATIC with the 3.0-litre F1C engine delivers a powerful 210 hp with 470 Nm torque. This best-in-class performance, coupled with the record gross weight of 7.0 tonnes, makes the Daily HI-MATIC the best solution for the most demanding missions.

DAILY BLUE POWER: SUSTAINABILITY CHAMPION

ENJOY UNLIMITED URBAN DELIVERIES

The Daily Blue Power provides the answer for your green transport requirements. It is the perfect vehicle for urban and suburban missions, offering a choice of sustainable technologies that give you access to city centres free from the constraints of environmental regulations.

	POWER	HI-MATIC	VAN					MINIBUS	
			Single wheel	Twin wheel

• Available – Not available

DAILY HI-MATIC NATURAL POWER: SUSTAINABILITY & ABSOLUTE DRIVING PLEASURE

HI-MATIC COMFORT AND SAFETY

Drive in comfort and safety with the Daily HI-MATIC Natural Power, the first Natural Gas-powered vehicle in its class with an 8-speed automatic gearbox.

UNRIVALLED PERFORMANCE

You can count on the powerful and responsive performance of the 3.0-litre CNG engine, equal to its diesel equivalent. With 136 hp and best-in-class 350 Nm torque, you can tackle all missions.

OUTSTANDING FUEL ECONOMY

The HI-MATIC transmission and Natural Power engine push the boundaries of fuel economy. When you factor in the lower pump price of CNG in many countries, you will save up to 35% compared to diesel.

CLOSE TO ZERO CO₂ EMISSIONS

The HI-MATIC teamed up with the Natural Power engine cuts CO₂ emissions by up to 5% compared to diesel in real driving conditions in an urban context; with biomethane, by up to 95% - very close to zero emissions.

DAILY ELECTRIC: ZERO EMISSION LIGHT COMMERCIAL VEHICLE

200 km AUTONOMY

The flexible battery configuration combined with efficiency features including EcoPower mode and regenerating braking strategies deliver an exceptional range of up to 200 km in real urban conditions.

2-HOUR FAST CHARGING MODE

Charging your Daily Electric is as fast as 2 hours in Fast Charging mode on public and private charging points, and you can do it wherever you are with the patented Flexible Charging Modes and unique electrical vehicle inlet and connector.

ZERO EMISSIONS

The Daily Electric is a unique vehicle offering zero-emissions traction and the widest line-up in the industry.

UNLIMITED DAY AND NIGHT DELIVERY

Enjoy the full potential of the Daily Electric in cities with the strictest traffic and noise limitations, with its zero emissions and silent operation.

DAILY AT A GLANCE

RUN YOUR BUSINESS WITH POWER AND EFFICIENCY

- Choose the right engine for your mission from the extensive powertrain line-up with 2.3-litre and 3.0-litre displacements
- Save up to 10% fuel with the Daily's efficiency enhancing features: new electronically controlled variable geometry turbine, new alternator, Start & Stop system and Super Eco Tyres
- Save up to 10% in maintenance costs in urban missions thanks to constant innovations and longer oil change intervals
- Enjoy a performance equivalent to a diesel engine with the clean and quiet running of the Daily Natural Power

ENJOY SAFE, STRESS-FREE DRIVING

- Avoid collisions with AEBS and City Brake PRO, on motorways and busy city centre traffic
- Activate Queue Assist in rush hour congestion and the Daily will automatically come to a standstill and restart following the queue
- Cruise safely on motorways as Adaptive Cruise Control takes care of keeping your safety distance from the vehicle ahead and Proactive Lane Keeping Assist helps you stay in your lane
- Drive safely and steady down steep slopes with the help of Hill Descent Control
- Have the right grip on slippery surfaces with Traction Plus
- Stabilize your Daily against gusts of wind with Crosswind Assist

ENTER THE DAILY'S CONNECTED WORLD OF SERVICES

- Embrace the Daily's connectivity and keep your vehicle on the road with our proactive approach to maintenance
- Take full advantage of the dedicated team of IVECO experts who can conduct remote diagnostics and assistance
- Optimize your performance and fuel efficiency with MYDAILY, your Web Portal, now also on your mobile
- Manage your fleet in real time with the comprehensive offer of Fleet Management Solutions offer
- Connect with your Daily with ease through the DAILY BUSINESS UP™ and improve your productivity and efficiency

TECHNOLOGY AT YOUR SERVICE

- Experience the Daily's smooth, effortless manoeuvrability with the new Electric Power Steering
- Activate City Mode in urban situations to further reduce the steering effort by up to 70%
- Manage all the information and key settings you need through the new user-friendly high-resolution colour display cluster
- Drive safely and save fuel with the Tyre Pressure Monitoring System
- Park effortlessly with the new automatic Electric Parking Brake
- Enjoy your digital life and infotainment on the HI-CONNECT 7" screen

POWER YOUR MISSIONS

- Choose the performance you need for your business from the extensive line-up, with two engines; the 2.3-litre F1A available in light- and heavy-duty homologation, and the heavy-duty 3.0-litre F1C
- Take advantage of the broad range of power ratings, from 116 to 210 hp, and torque from 320 to 470 Nm
- Choose the Daily HI-MATIC Natural Power if you need a super-quiet, low-emissions vehicle for urban missions

ENDLESS OPPORTUNITIES

- Whatever your mission, you will find the perfect Daily for your business, with the widest line-up in the industry: from 3.3 to 7.0 tonnes GVW and cargo volumes from 7.3 to 19.6 m³
- Customise your Daily from the virtually endless availability of bodywork solutions
- Select the version that satisfies your transport requirements: panel van, semi-windowed and windowed van

BORN TO BE TOUGH

- Load your Daily to its maximum capacity and get the most demanding jobs done faster and with fewer trips – day after day, year after year
- Count on a front axle maximum load capacity as high as 2700 kg on the 7.0-tonne model with the QUAD-TOR suspension

BUILT TO LAST

- Rely on your Daily to deliver all the strength and power you need to carry the heaviest payloads, keeping up its top-notch performance day in day out throughout its long lifespan
- Count on the long life of the driveline, ensured by the advanced transmission and reliable engine that always runs at optimal speed
- Add value to your business with the Daily, which will carry big payloads benefiting your profitability with its fuel efficiency and low TCO

MINIBUS: TRAVEL IN STYLE

The Daily Minibus combines all the latest advantages of the Daily, from the advanced connectivity and assisted driving features to the class-exclusive HI-MATIC automatic gearbox, with the optimised Costs of Ownership, reliability and versatility that are the hallmark of this vehicle family.

SUSTAINABLY POWERFUL

The Daily Minibus is more powerful and environmentally friendly with the new 210 hp engine, and offers a choice of three engine types: Diesel, Natural Power and Electric.

THE STYLISH COMFORT OF A DAILY JOURNEY

With the innovative styling of the exterior and the new interiors, passengers travel in a stylish environment enjoying luxurious comfort.

UNLIMITED VERSATILITY

The extensive line-up of the Daily Minibus, which can carry up to 22 passengers, means there is a model for every people transport mission:

- **Tourist mission** for travelling with comfort and style
- **Intercity mission** with a category-leading passenger capacity
- **Shuttle buses** for airport and hotel services
- **School buses** specifically designed for student transport

4X4: DELIVERY ON ALL TERRAINS

READY FOR EVERY MISSION

The Daily 4x4 offers a full line-up of off-road and all-road vehicles with 5.5 and 7.0-tonne versions with spacious cargo volumes ranging from 9 to 18 m³ for the single wheel off-road and from 16 to 18 m³ for the twin wheel all-road.

UNRIVALLED PERFORMANCE

The 3.0-litre 180 hp will take you to your destination, even the most difficult to reach. You can enjoy on all terrains the absolute driving pleasure of the HI-MATIC 8-speed automatic transmission.

TAKING YOU EVERYWHERE

All-road twin wheel versions and off-road single wheel versions ranging up to 7.0-tonne Gross Vehicle Weight.

SAFETY EVERYWHERE

With all the safety features, such as the all disk brakes with ABS (Anti-lock Braking System) and ESP (Electronic Stability Programme) specifically developed for the Daily 4x4, you will be perfectly safe even in the remotest locations.

THE ABSOLUTE DRIVING PLEASURE

Thanks to its double low ratios the Daily 4x4 is available with 12 forward gears with manual transmission and with 16 forward gears with the HI-MATIC transmission. Gaining unlimited climbing ability while maintaining maximum comfort. You can easily engage the low speed ratio by activating the ergonomic button on the dashboard.

Ratio for Manual and Automatic gearbox

- Normal Ratio 1:0.9
- Low Ratio 1:2.15

DIFFERENTIAL LOCKS

The Daily 4x4 ensures perfect traction in every situation with 3 locking differentials in the front and rear axles, and a central one on the transfer box. The differentials can be locked and unlocked with the ergonomic switches on the dashboard.

OPTIONS

TAILOR YOUR DAILY TO FIT YOUR MISSION

HI-CONNECT

Bring your digital life on board with Apple CarPlay and Android Auto™, and enjoy your apps on the user-friendly infotainment system with 7" screen, DAB radio, navigation system and much more.

CONNECTIVITY BOX

Keep your Daily on the road with remote diagnostics, proactive maintenance and optimal service planning. Access a world of new services such as personalised maintenance plans and vehicle data management through MYDAILY web portal & App.

DAB RADIO + DAILY BUSINESS UP™

Enjoy all the DAB radio functionalities and connect your smartphone or tablet to the vehicle to make the most of the DAILY BUSINESS UP™.

AEB AND CITY BRAKE PRO

The Advanced Emergency Braking System detects the potential collision ahead and brakes autonomously to prevent or mitigate an impact. In busy city traffic, the City Brake PRO helps you avoid low-speed collisions.

ADAPTIVE CRUISE CONTROL AND QUEUE ASSIST

The ACC system maintains the cruising speed and keeps a constant distance from the vehicle in front. In city traffic, the Queue Assist eliminates the stress from continuous stop and start.

PROACTIVE LANE KEEPING ASSIST

The Proactive Lane Keeping Assist helps the driver in keeping the vehicle in the line by applying a stroke on the steering when the vehicle involuntarily drift out. The distance from the lane and the stroke intensity are settable in the menu.

OPEN COMPARTMENT WITH INDUCTIVE CHARGER

Ensure your mobile device always has a full battery: place it on the useful inductive charger next to your paperwork in the storage compartment integrated in the dashboard.

TABLET HOLDER

The useful tablet holder on the dashboard can safely keep in place mobile devices of all sizes. It can also be used as a practical clipboard to keep your paperwork in place.

ELECTRIC PARKING BRAKE

The new Electric Parking Brake automatically engages when parked and disengages when you are ready to drive away. Get rid of the hand brake lever; free up space and move across the cab easily.

REAR AIR SUSPENSION

If your mission requires intensive loading and unloading activity, you will appreciate the rear air suspension, which quickly lowers and raises the loading bed so that you won't waste any time.

FULL LED HEADLIGHTS

The sharper beam of the LED lights carries further; improving your visibility and obstacle perception by 15%. You will also save on maintenance as the LED lights have extremely long life.

TYRE PRESSURE MONITORING SYSTEM

The TPMS monitors the pressure of each tyre in real time so they are always at optimal level, improving your safety and fuel efficiency. Available on both single and twin-wheel models, a first in the industry.

AIR CONDITIONING WITH MANUAL OR AUTOMATIC CONTROL

Maintain a pleasant temperature in the cab with the Daily's air conditioning system. Choose from the efficient manual control or the automatic climate control that optimises the use of the compressor, reducing energy consumption.

WEBASTO INDEPENDENT HEATER

Cold starts are a thing of the past with the Webasto independent heater: set the timer to preheat the engine and the cab, and step into your pleasantly warm Daily van when you are ready to go.

LEATHER STEERING WHEEL

Enjoy the luxurious feel of the leather steering wheel on your long days at work with all the controls at your fingertips. No distractions, no effort.

TELMA® ELECTROMAGNETIC RETARDER

The Telma® LVRS600 electromagnetic retarder delivers a braking torque of 350 Nm, with full compatibility with the ESP system. Available also on the Daily HI-MATIC family, it provides up to 80% of vehicle braking needs.

ALLOY WHEEL

Alloy wheels, the perfect combination of function and style, are so light that they increase the useful load by 10 kg. Only available for single wheel versions.

ECOSWITCH PRO

The intelligent EcoSwitch PRO system knows when to step in without intervention from the driver; reducing fuel consumption and further lowering the emissions generated by your Daily.

SUSPENDED SEATS

The suspended seats, also available heated, offer extra comfort for the driver and passengers.

PREMIUM HEADREST

Drive in safety and comfort with the new premium textile foam headrest.

PASSENGER BENCH WITH EXTRACTABLE TABLE

Use your laptop and do your paperwork on the practical extractable table.

CARGO COMPARTMENT LED LIGHTS

The three new cargo compartment LED lights, positioned on the right and left sides and above the rear doors provide better illumination and reduce energy consumption.

HONEYCOMB LOAD SPACE TRIM AND FLOOR

The side panels and floor with an internal honeycomb structure are extremely resistant to humidity, chemical agents and scratches, providing the best possible protection for the vehicle.

WOODEN FLOOR TRIM

The wooden floor is custom-designed for the Daily, and provides excellent protection, even where the load is concentrated on the edges.

DAILY B-LINK SOLUTIONS

The Daily takes connectivity to an entirely new level and opens the door to a world of new tailor-made services that will help you get the best out of your vehicle, maximise its time on the road, manage your fleet most efficiently, save on fuel and maintenance costs, and enjoy the benefits of highly customised financing and maintenance plans.

The Connectivity box puts the vehicle in direct contact with **IVECO's team of experts**, which receive data from all the connected vehicles and constantly monitors them.

THE MAIN SERVICES:

Remote Diagnostics

Diagnostics performed remotely without the need for the vehicle to stop at the workshop.

Over The Air (OTA) Service

Assistance and vehicle software update performed remotely without the need to stop at the workshop.

Proactive Service

Proactive service performed remotely by IVECO Control room specialists, based on the vehicle's live parameters.

MYDAILY web portal and App

Web portal to monitor vehicle status and driver behaviour, available also on App.

Service Booking

Service appointment booking with the MYDAILY web portal.

MYDAILY Smart Report

Periodical dispatch of automatic report on your vehicle's performance and fuel consumption.

IVECO Fleet Management by Verizon Connect

- Fleet Essential
Fleet Management system with standard features: position, geofencing, fuel reports, vehicle health, scorecards
- Fleet Enhanced
Professional Fleet management including driver hours, Remote tachograph diagnostic system, web services
- Fleet Enhanced and Workforce
Advanced Fleet Management including workflow management

Link (Web API)

Web API interface will provide you all the vehicle data regardless of the Fleet Management system you have.

With Daily B-link Solutions you can take full benefit of the connectivity whether you are a driver-owner or a Fleet Manager and improve uptime, efficiency and fleet optimization.

ELEMENTS

PICK THE SERVICES THAT PERFECTLY MATCH YOUR BUSINESS

The Daily offers an extensive range of services that can be tailored to your precise requirements to keep your vehicle running in top form and your business operating with a healthy bottom line.

The Daily introduces an entirely new level of customisation through connectivity. The real-time vehicle data it provides, enables us to offer you **bespoke maintenance plans** based on the real use of your Daily – a perfect match to your business.

Alternatively, our **Elements** range offers the extreme **flexibility** that enables you to choose the combination of Planned Maintenance and Extended Warranty services for your business, and further enrich your package with the Additional Coverage elements.

MAINTENANCE	DRIVE LINE	EXTRA DRIVE LINE	WEAR
<ul style="list-style-type: none"> - Maintenance - Lubrication - Oil and fluid changes according to the maintenance and repair handbook 	<ul style="list-style-type: none"> - Engine - Fuel injection - Gearbox - Propeller shaft and axle repairs 	<ul style="list-style-type: none"> - Components not already covered by the drive line element e.g. Electrical System 	<ul style="list-style-type: none"> - Clutch - Brake pads - Brake discs - Brake drums - Brake linings for drum brakes

The major "elements" making up the offer (Maintenance, Drive line, Extra drive line, Wear) can be combined together in order to create the contract that perfectly suits your business. The table below summarises all the possible combinations:

ELEMENTS: INCLUSIONS/EXCLUSIONS

Specific Daily B-Link Solutions offer will be included in 3XL and 2XL contracts.

For inclusions / exclusions please refer to contractual documents relevant to your Market

LINE UP

CHOOSE THE RIGHT DAILY TO SATISFY YOUR BUSINESS NEEDS

The Daily van offers the widest model range in the industry, with as many as 8000 factory versions to choose from. They combine the different wheelbases, power ratings, volumes, internal heights of the load compartment and load capacities to match a broad spectrum of missions.

CARGO VOLUMES

The wide offering of wheel bases, roof heights and rear overhangs results in a vast range of cargo volumes. In fact, the Daily is the only van offering cargo volumes from 7.3 m³ right up to the unique 19.6 m³.

A WHEELBASE (mm)	B VEHICLE LENGTH (mm)	C LOAD COMPARTMENT LENGTH (mm)	D LOAD COMPARTMENT WIDTH (mm)	G HEIGHT / LOAD VOLUME			GROSS VEHICLE WEIGHT (tons)	
				H1 (1545 mm)	H2 (1900 mm)	H3 (2100 mm)	MIN.	MAX.
3000	5080	2610	1800				3.3	3.5
3520	5600	3130	1800	7.3 m ³	10.8 m ³		3.3	5.2
	6000	3540	1800		12 m ³	13.4 m ³	3.3	5.2
4100	7170	4680	1800		16 m ³	18 m ³	3.5	7
	7540	5125	1800		17.5 m ³	19.6 m ³	3.5	7

SIDE DOOR

SLIDING SIDE DOOR DIMENSIONS (mm)	H1 (mm)	H2 (mm)	H3 (mm)
E HEIGHT	1440	1800	
F WIDTH	wheelbase 3000	1100	
	wheelbase 3520 / 4100L	1200	

REAR DOORS

USABLE DOOR APERTURE HEIGHT	H (mm)	I (mm)	J (mm)
HEIGHT	1450	1800	2000
WIDTH	1530		

Choose the rear door dimensions to match your mission. You can have as much as 2 metres maximum usable aperture height to load your Daily.

COLOURS

PICK YOUR DAILY'S PAINT

You can choose from hundreds of solid and metallic paints to match your company livery, the other vehicles in your fleet or simply your personal taste. The paints shown here are just few of the many colours available for you to personalise your Daily.

50120 - PEGASO BLUE

52507 - ICE WHITE

50105 - POLAR WHITE

52170 - SUN YELLOW

52028 - ADVENTURE ORANGE

50126 - MARANELLO RED

50162 - PROFESSIONAL GREY

52062 - BACK TO BLACK

ACCESSORIES

ENHANCE YOUR DAILY EXPERIENCE

Accessories help you personalise your workplace and feel at ease in every situation. Enhance your Daily's technology, comfort, safety, and efficiency with IVECO's full range of specifically designed accessories.

A TECHNOLOGY BOOST

Accessorize your mobile workstation with the most up-to-date technology. The new Android-based Multimedia System comes with an integrated GPS Navigation system and DAB+ radio integrated, rear camera and steering wheel controls as options to provide a complete multimedia navigation and reversing safety solution. The smartphone cradle perfectly fits the Daily dashboard and with the Qi technology you can recharge your smartphone wirelessly. (1/2)

MAXIMIZE YOUR EFFICIENCY

Choose from a great range of accessories to improve your vehicle's efficiency and profitability. The deflectors, designed for the Daily side windows, contribute to reducing aerodynamic resistance and turbulence without affecting visibility. The Anti-theft System ensures a quick refueling time and protects your fuel. (3/4)

DRIVE SAFELY

Tailor-made accessories will improve your safety while driving: the new pushbar, which has European certification, ensures safety at the front of the vehicle and increases active and passive protection of vehicle and pedestrian. The Wi-Fi Rear camera gives you visibility on the area behind the vehicle. With the dedicated App, you will have everything under control on your smartphone. (5/6)

FIT FOR YOUR MISSION

Give your Daily load space the best protection with custom designed trim and flooring resistant to scratches, humidity and chemical agents. Choose from a wide range of luggage racks made of lightweight corrosion-proof aluminum that are easy to install. Add to the rack a tube holder, beacon holder and floor platform for the best versatility. Complete your vehicle dressing up by choosing the most suitable mats and seat covers for your activity. (7/8)

You can also find the complete accessories line offering in the Accessories Catalogue and in the on-line catalogue using the following link:
<http://application.cnh-parts-service.eu/iveco.php>

Discover the full accessories offering with the free app "IVECO Accessories".

Download it for free from the App Store to get exclusive access to extra images, information and video content.
